Happy Kids For A Better Europe With Peer Coaching

*Cumhuriyet İlkokulu
Hendek-Sakarya-Turkey*

2017-1-TR01-KA219-046333_1

- After 2 nd LTT, an information meeting was held for other teachers in our school.
- At the meeting, the knowledge and experiences about 'Children's Theater' were told

- Boards were formed in different parts of the school to introduce the Peer Coaching method and to disseminate the 2nd LTT activity.
- The first grade students who started to school this year and their parents were informed about peer coaching.

- During the second implementation period, 'children's theater' and 'drama' activities were conducted with our students.
- In line with their interests, students included in the Peer Coaching practice were directed to sport and artistic activities (Traditional children's games, folk dances etc.).

- There are 29 Syrian refugee students in our school.

- The practice of peer coaching helped us to adapt these students to the classroom, to teach Turkish and to develop in academic courses.

- Peer coaching was applied for the adaptation of the students coming from different schools during the education process and for their combining with the students in the classroom.

- A student from his class coached to the new incoming student.

- In our school, there are 35 students with different educational diagnoses (mild mental disabilities, learning disabilities, speech disorders, etc.).
- A peer coaching system was implemented to support these students in a personal, social and academic aspects.

- Peer coaching method was applied for the first grade students, who started to school in September 2018, (in order to improve the skills of literacy, basic mathematics and group work)
- The groups were formed in the classrooms and the leading students coached to the other students.

In-Class Sample Applications

First grade students are doing ‘the activity of putting letters into correct order’.

In-Class Sample Applications

First grade students are learning decimal system.

In-Class Sample Applications

Her friends are coaching during the adaptation period.

In-Class Sample Applications

First grade students are doing outdoor reading activity

In-Class Sample Applications

Syrian student was coached by her classmate.

In-Class Sample Applications

1st Grade students are learning fractions in mathematics with their peer coaches.

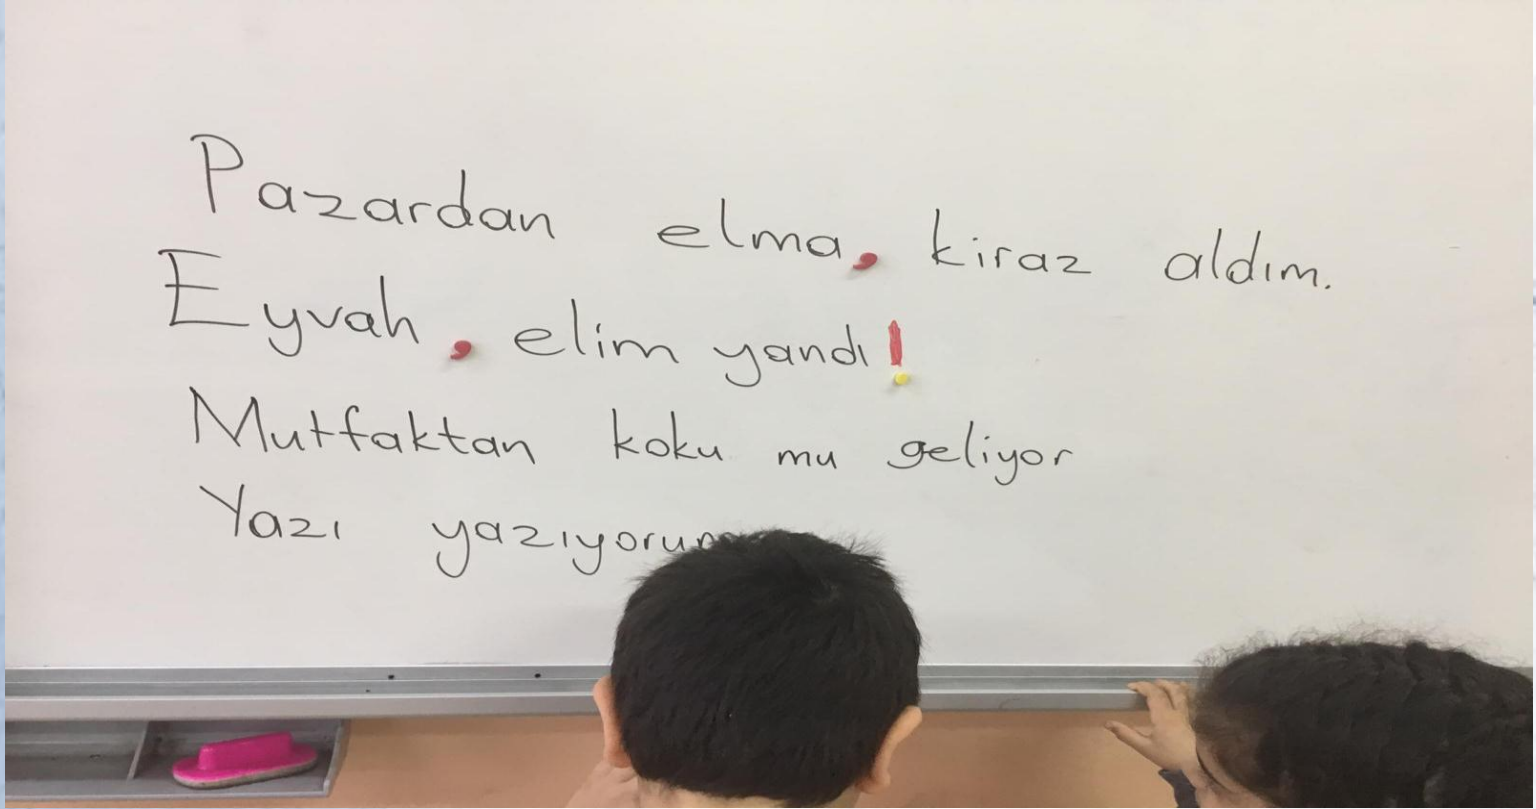

In-Class Sample Applications

Students are playing mind games with their coaches.

In-Class Sample Applications

Students are working on punctuation with dough in Turkish lesson.

In-Class Sample Applications

Students are learning Roman Numerals with chocolate and bread together, then eating them 😊

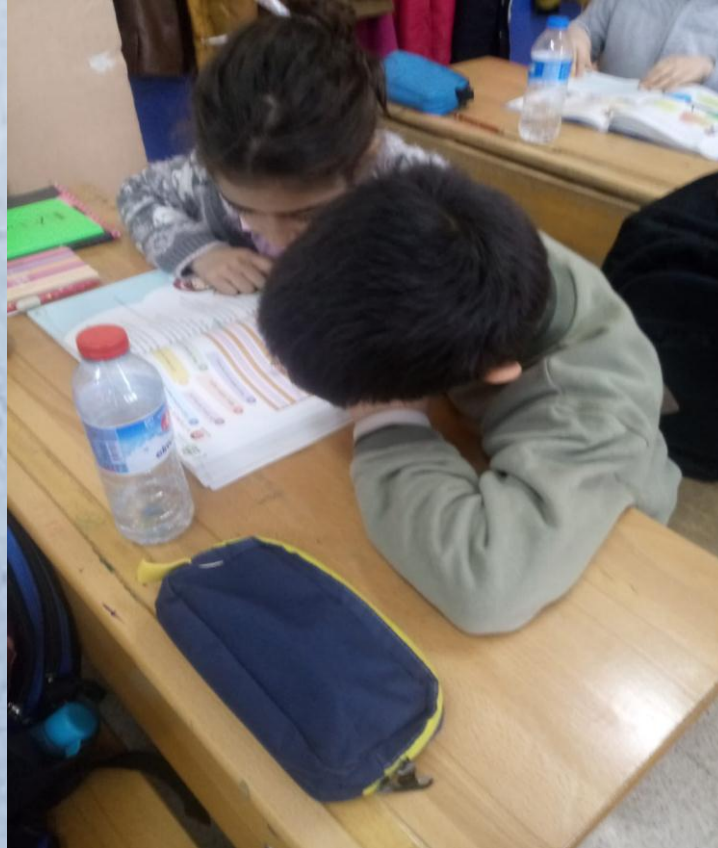

In-Class Sample Applications

Our students are learning the respiratory system by making a lung model together.

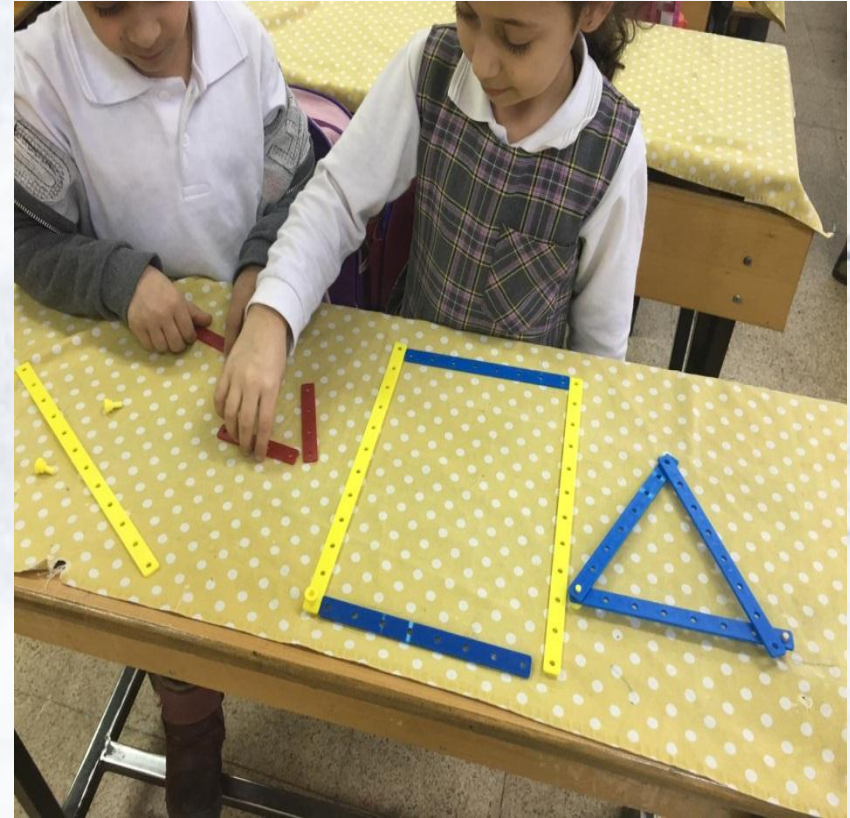

In-Class Sample Applications

They are studying lesson with their peer coaches

In-Class Sample Applications

Peer coaching activities from different subjects

In-Class Sample Applications

Students are doing pastry with their peer coaches in the classroom.
